

EASY LIFE

TECH

Clever Products for Clever Homes

Leverage our global strenghts & abilities

Who we are

25 years

Famatel is a company with more than 25 years of experience in the manufacture of electrical hardware.

55 MM

Famatel Group made a 55 Million USD turnover last year.

60 countries

We supply to more than 60 countries around the globe.

So much more than a manufacturer

EasyLife Tech is a Famatel brand, which was established with the purpose of offering practical and innovative solutions to the users of our products.

Famatel main focus is on providing innovative high quality products. Our products and services are endorsed by the ISO9001 certification that we currently have in our production facilities.

From our factories in Spain, Italy, Bulgaria, and China and with the support of our subsidiaries, we supply to more than 60 countries around the globe.

Innovation in every step

35 experts

Our community of designers and engineers focus all their efforts on developing innovative and valuable products.

World class new product development & design team

Our in-house expertise spreads among plastics, aluminum, steel, ceramics, injection molding, finishing, assembly, tooling and state-of-the-art testing and QC.

Quality is our priority

In order to achieve excellence, we are dedicated to carrying out research, working hard and making discoveries. Innovation is what sets us apart and makes us connect with the consumer.

Our global presence provides our R&D&I departments with enriched information and experience, which help them to develop products adapted to the specific needs and legislation in each market.

We guarantee compliance with national and international standards for all products manufactured by Famatel. Our R&D&I department uses its many internal labs, collaborating with certifying agencies, to guarantee all necessary trials are carried out to vouch for the quality of our products and compliance with the current standards.

Value Oriented Manufacturer

400
thousand square feet

Our manufacturing plants spread across 400 thousand square feet of advanced manufacturing space across four countries (Spain, Italy, Bulgaria & China)

Famatel specializes in designing, engineering, manufacturing, and distributing state-of-the-art electrical products and hardware.

Our main focus relies on how our customers feel about our product and their satisfaction.

To achieve this we have over 400 thousand square feet of advanced manufacturing facilities across four countries.

We can strategically distribute our products from our 8 distribution center located globally. One of them is in USA.

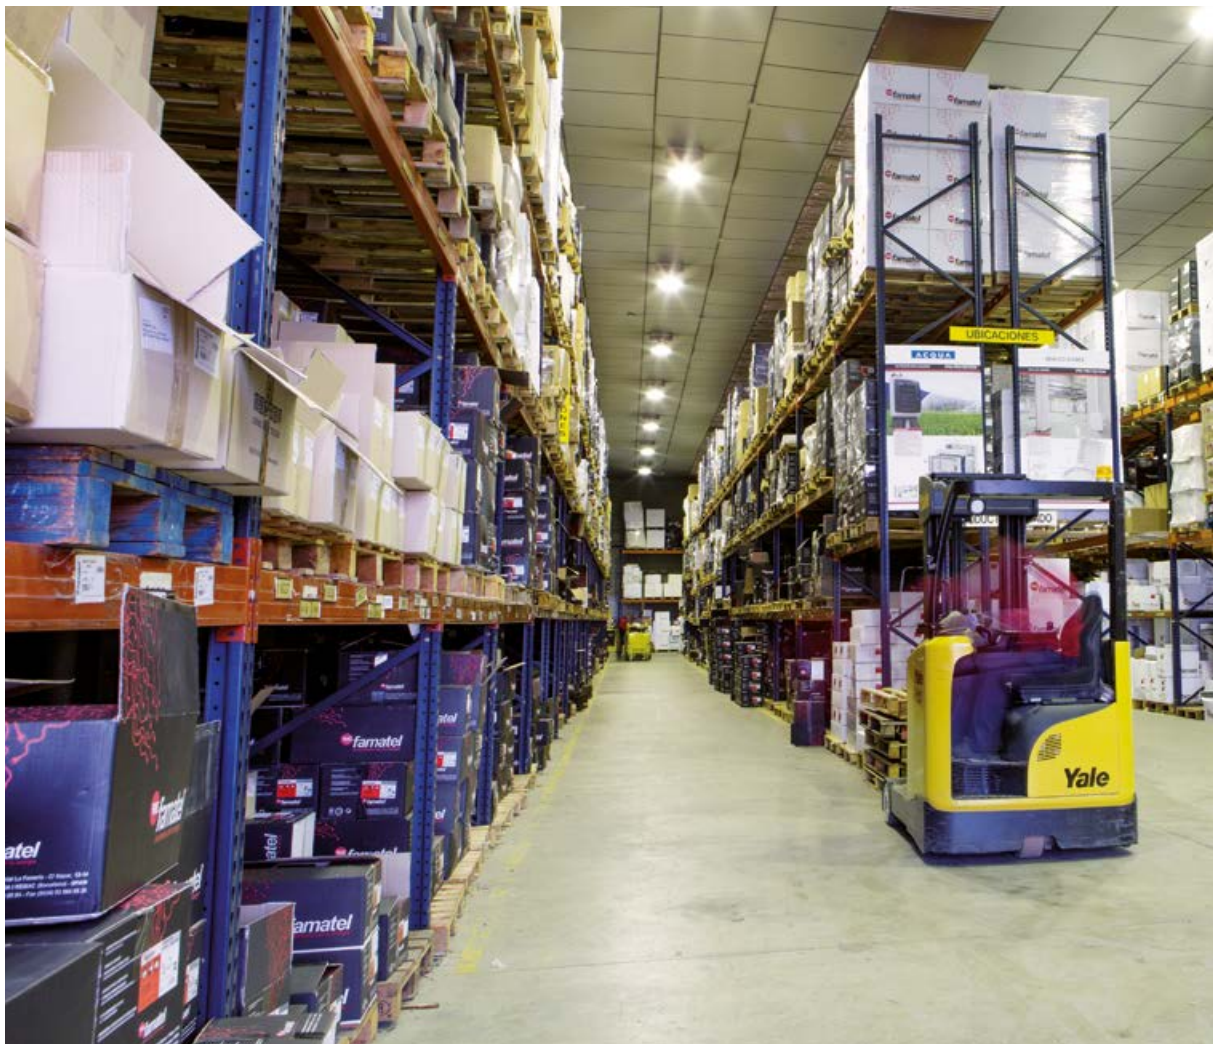

After-Sales service

8 global facilities

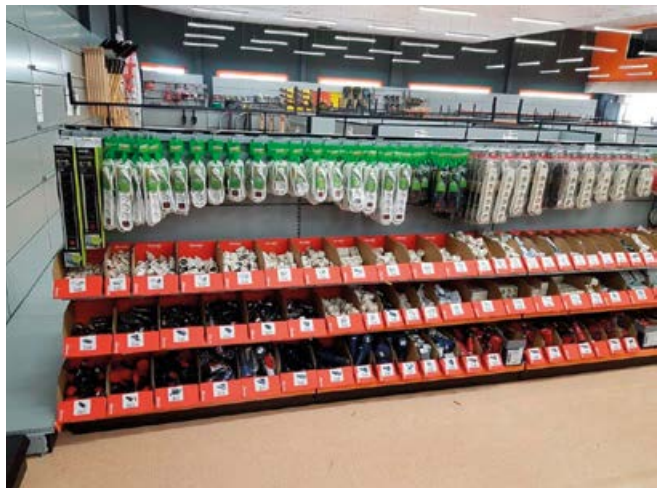

With 8 global office and distribution facilities (Spain, France, UK, Bulgaria, Italy, Poland, China & USA)

Enhanced customer care department

Whether Factory direct, or from our 8 global distribution centers, including our US - Florida offices and distribution centers, Famatel makes it seamless to ship customers goods and replacement parts.

Planogram & private label

Let our in-house brand management team get to work!

Assist in the design.

We are a private label ready manufacturer that can assist your Company in the development and design of marketing assets, custom packaging and point of sale displays for your Brand.
